

EVENT REGISTRATION TERMS & CONDITIONS

PRIVACY NOTICE AND PHOTOGRAPH CONSENT

Board of Directors 2026–2027 — to be published at a public URL and linked from the registration form with a required checkbox: **"I agree to the Terms & Privacy Notice."**

EVENT REGISTRATION TERMS & CONDITIONS

1. Who runs this. This website is operated by the **Leo Club of Dhaka Kings Star** (the "Club") solely for its 8th Installation Ceremony (the "Event"). **Light Cavalry**, an independent engineering firm, is the Club's technology provider and is **not a party to your registration or ticket purchase** and has no liability to you regarding the Event. Light Cavalry is identified on the Platform as "Engineered & Sponsored by Light Cavalry" and shall not be represented as the organiser, co-organiser or agent of the Event.

2. Registration. Submitting the form is a request, not a confirmed booking. Your place is confirmed only after payment is verified and the Club issues confirmation. The Club may decline or cancel any registration at its discretion, in which case paid fees are handled under clause 4.

3. Fees. Fees are as shown at registration. By paying, you accept the fee for your selected category.

4. Refunds. Refunds, if any, are made **solely by the Club** under the Club's refund policy shown on this site before the stated cutoff date. The payment gateway processes transfers but does not decide refunds. Contact the Club at the support number or WhatsApp published on this site for all refund matters. **Light Cavalry, the technology provider, has no refund, compensation or other liability of any kind;** any dispute about fees, refunds, entry or the Event is solely with the Club.

5. Payments. Payments are processed by **ZiniPay**, a third-party payment gateway. We do not receive or store your card or wallet credentials. Ensure you keep your transaction reference (TrxID) for manual payments; submission of a false or reused TrxID may lead to cancellation.

6. Ticket and entry. Your QR ticket is personal and non-transferable except through the Club's official transfer process. A ticket may be scanned once; reused or tampered tickets may be refused. The Club may refuse entry for valid reasons including venue capacity and security. QR check-in and the offline queue are provided on a best-efforts basis and require internet connectivity for final sync; Light Cavalry does not guarantee uninterrupted scanning and is not liable for delays caused by device, network or third-party service failures.

7. Conduct. Attendees shall comply with venue rules and the instructions of Club volunteers. The Club may remove any person whose conduct endangers or disrupts the Event.

8. Changes to the Event. The Club may change the programme, performers, timing or venue. If the Event is cancelled, paid fees are handled under clause 4. The Club's liability for any matter relating to the Event is limited to the fee you paid.

PRIVACY NOTICE

9. What we collect. Name; mobile number; Leo ID; membership category; blood group; year, wing and position; photograph (optional upload); payment status; and check-in records.

10. Why we collect it. To administer your registration, ticketing, entry management, Event communication and help-desk support — and, for blood-group data, solely for the Club's voluntary service records related to the Event. Blood-group and photograph fields are optional and self-declared by you; they do not constitute medical advice and their accuracy is not independently verified. Blood-group data is sensitive personal data and is collected only by your express opt-in consent at registration: ☐ **I consent to providing my blood group for the Club's voluntary service records.** Checking this box is optional; declining does not affect your registration, and you may withdraw consent at any time by contacting the Club.

11. Who processes it. The Club is the data controller. Light Cavalry hosts and processes the data on the Club's instructions; ZiniPay processes your payment independently. The Platform does not sell your data. Any screenshots of this website displayed in Light Cavalry's portfolio under its agreement with the Club will exclude personal data or will be anonymised or blurred.

12. Retention. Registration data is retained by the Club for **twelve (12) months** after the Event for record-keeping, after which the Club is responsible for securely and permanently deleting it, except where the Club must keep it longer by law. The Platform itself is licensed to the Club for use through 31 December 2026, after which platform records are exported to the Club and deleted.

13. Your choices. For access, correction or deletion of your data, contact the Club support number published on this site.

PHOTOGRAPH & RECORDING CONSENT

14. ☐ I consent that photographs and video taken at the Event, including in which I may appear, may be used by the Leo Club of Dhaka Kings Star and Lions/Leo communications for event reporting and promotional purposes. Checking this box is **optional**; declining does not affect your registration. You may withdraw consent at any time by contacting the Club.

15. Governing law. These terms are governed by the [laws of Bangladesh](#); disputes are subject to the courts of Dhaka.
